Secondary Update

Hi everyone

Welcome back and I hope you are all well rested.

As part of my role supporting Secondary Schools in the Pilbara, I have devised a short survey that may build on discussions I have had with you over the last term. This may provide some more information indicating your curriculum needs for 2003.

I would appreciate your responses and suggestions.

I am also in the initial stages of putting together regular *Secondary Updates*, so would also appreciate receiving any other news/updates/issues that can be shared.

In addition to this you may be interested in what is happening at the Leadership Centre.

The Leadership Centre is also keen to receive feedback and suggestions, particularly regarding *Induction of School Leaders - Discussion Paper*

This paper highlights the collaborative nature of and shared responsibility of school leadership preparation, development and support.

See what you think!

I look forward to hearing from you in the near future with any suggestions and feedback.
