Each file contains a selection of documents drawn from the Australian Archives offices and support materials from

SOCIETY & ENVIRONMENT

other sources. All records in the kit may be freely copied for teaching purposes. Upper primary/secondary.

FAMILY FIGURES (EC)

24 laminated card figures - four family groups from a variety of cultures.

FAMILIES 306.87 THO

Thomas, R.

A "Macmillan Beginners" book. Clear illustrations and simple text for junior primary.

FAMILIES OF THE WORLD

Tremblay, H. 306.85 TRE

A description of the everyday life of 43 families in 36 countries in East Asia, South East Asia and the Pacific. A statistical section is included for each country and a teacher's guide is available separately. Upper primary/secondary.

FESTIVALS

Pickard, J. 394.207

Topics magazine. An integrated unit of work complete with background information, teaching notes and student task cards. Lower/middle primary.

FISHING THE TORRES STRAIT

Hall, Beth 2002 799.1099438 HAL

Do you like to go fishing? In the Torres Strait, fishing is a way of life.

THE FIRE BRIGADE

Odell, C. 363.378 ODE

Answers questions about fireman and firefighting. Should appeal to 8 - 12 year olds.

FIRE ENGINE

Bingham, C. 628.925 BIN

Thorough, concise, easy to read information accompanied by eye-catching well labelled illustrations and photographs. Each double page spread is devoted to a particular vehicle or machine and the book covers fire engines, water tenders, rapid intervention vehicles, hydraulic platforms, airport fire trucks and more. Lower/middle primary.

FIREFIGHTERS 363.37 LOV

POLICE OFFICERS 363.2 LOV

Loves, J.

Simple, informative text and bright, lively photos and illustrations show what is involved in each occupation and how these people help us in our daily lives. Two books for junior primary.

FISHING AND AQUACULTURE

McCLish, B. 338.17920994

This book takes a look at the various aspects of the fishing industry in Australia, such as prawning, pearling and fish farming, and their importance in supplying products for the table. It looks at the history of the industry, the various types of aquatic animals, the technology involved, the processing stages, the jobs and people in the industry and how aquatic products are marketed. Middle primary.

FOOD

Williams, B. 641.3 WIL

This book covers a wide range of topics from what food people eat, to how food is obtained from plants, animals and the sea, farming and preserving and packaging food. Large attractive photographs accompany the text and fact boxes add additional information. The book includes a food topic web, list of further reading, glossary and index. Middle primary.

GO GLOBAL: GLOBAL PERSPECTIVES IN THE SECONDARY CLASSROOM

Triolo, R. 338.9194 TRI

Go Global is the third teacher resource book in the Global Perspectives series and is written for teachers and students in lower and middle secondary classrooms. Each of the six units in Go Global investigates one or more pertinent global issues and provides a variety of resources for effective teaching and learning. The range of core and extension activities takes into account the different learning styles, interests and ability levels of students. Many activities lead beyond the classroom and encourage positive, informed and reflective global citizenship.

GRAINS 338.1731 UND
GRAZING 338.776 UND

Underwood, G.

Two books in the HOW AUSTRALIA WORKS series. Each book gives a comprehensive overview of the industry - its diversity, history and the challenges that face its farmers now and in the future. These well presented books provide a wealth of easily retrievable information for upper primary and lower secondary.

GRAINS, OILSEED AND COTTON

McClish, B. 338.1731099

A bright, attractive book that examines the cropping industry. It describes how crops are grown and farmed, the history of the industry, the stages in the production process, the people in the industry and the marketing of the final products. Text is well presented and easy to understand and is accompanied by many colour photographs. Middle primary.

GRAFFITI IN THE COMMUNITY : CARRYING OUT THE LAW

Teaching package for years 7 and 4 respectively. Each includes teacher's notes, program overview, focus questions etc. and resource sheets, and is designed to relate to the objectives in the K-10 Social Studies Syllabus.

THE GREAT BARRIER REEF

Bond, Royce. 2003 333.7809943 BON

Classroom Focus Great Barrier Reef provides the basis of a science or studies of societies related unit of work. Whether you view the Great Barrier Reef as a whole or choose a particular area of study – marine animals, conservation, fish landforms, industries and government: this pack offers a valuable basis for your work.

HEROES

Renner, C. 302 REN

Topics magazine – comprehensive program on all kinds of heroes. Includes background information, student task cards and learning outcomes. Adaptable to all primary levels.

HOMEMADE HOUSES 728.37 NIC

Tents, yurts, igloos, mudhifs, minkas, log houses . . . how they are made and why. A fascinating book for middle/upper primary.

A HOME AMONG THE GUM TREES: THE STORY OF AUSTRALIAN HOUSES

Nicholson, John 728.37 NIC

From Aboriginal shelters to modern suburban houses; from early company town to convict prison to outback hospital; from tree house to lighthouse to mobile home - this book shows how Australians have responded to the land, the weather and new fashions and materials when planning and building their homes. It includes a stunning gatefold illustrating the history of suburban house styles. Middle primary – lower secondary.

IT'S TIME!

Jenson Gold Kari

SOCIETY & ENVIRONMENT

It's time invites students to explore time using real world contexts. How soon? How fast? How slow? How much longer?

JOBS PEOPLE DO

Maynard, C.

331.702

This brightly coloured, attractive book features children dressed in the uniform or clothing of 30 different careers. The entertaining text provides information about each job, what it entails, where it fits into the community and the personal satisfaction to be gained.

LAW AND ORDER

Dumpleton, J.

363.20941 DUM

Tells the story of keeping the law, from Roman times to the present day. Upper primary.

LIFE SKILLS KIT

Stannard, C.

640.73 STA

A sequential program of teaching and practice in the particular kinds of reading and responding demanded by the "real world" outside the school. Practice is provided in dealing with five types of material: Maps and street directories; Telephone directories; Timetables; Forms; Consumer Information. The program is presented at four levels of difficulty, for reading ages spanning 8.6 to 11.6 years plus.

LOOK GLOBAL: GLOBAL PERSPECTIVES IN THE UPPER PRIMARY CLASSROOM

Guy, R.

338.9194 GUY

Look Global is the second teacher resource book in the Global Perspectives series and is written for teachers and students in the upper primary classroom. Look Global aims to give students a better understanding of global issues and the part individuals play in making this a "better world for all". It investigates a range of topics and provides students with some insights into cultures other than their own. The wide choice of activities takes account of the different learning styles, interests and ability levels of students. Many activities focus on cooperative learning in pairs or small groups, and involve discussion, reading, writing and creative problem solving.

MANNERS

395.122 MAN

Six piece bulletin board set plus teacher's notes, for junior primary.

ME AND MY WORLD

158.07 SOU

Education Department of South Australia

A comprehensive program with suggested activities to teach awareness of oneself and others to children K-3.

MINING

The Centre holds a selection of booklets on various mining projects.

MINING

Underwood, G.

338.20994 UND

A comprehensive coverage of the mining industry in Australia, historically to the present day. The book looks at society's dependence on mineral resources, mining techniques, environmental impact, rehabilitation of mine sites, export earnings and mining and Indigenous Peoples. It includes case studies of sand mining on North Stradbroke Island, uranium mining at Ranger and the making of iron and steel. Upper primary/lower secondary.

MONEY

332.4994 NOR

6 posters, with teacher's notes. 5 depict the various coins and notes and information on the symbols on each and the sixth shows credit cards, an ATM and cheques.

MONEY

Audio-Visual Education Branch

332.49 AUD

SOCIETY & ENVIRONMENT

Filmstrip, audiotape and teacher's guide. A light hearted story about an early hunter who wanted to barter his skins for a spear.

MONEY

Redden, R.

332.4 RED

A wealth of information on the many aspects of money and its relationship to the economy. Upper primary/lower secondary.

MONEY AND BANKING

332.4 NEI

Multiple copies of a student's book, a sound cassette, plus a set of slides. The book presents basic information about our money system and the services provided by banks in an easy-to-read style with cartoon type illustrations. Upper primary/lower secondary.

MONEY MATTERS

332.1076 MON

Australian Bankers Association

Teaching ideas and strategies plus student activity and resource sheets to help upper primary students to gain an understanding of the role of money in society and the purpose of banks.
